

BROCHURE

Aim-

To create a brochure using figma tools

Procedure-

- Create a new frame with the desired dimensions for your brochure (e.g., 8.5 x 11 inches).
- Design the layout by adding sections like a title, images, text blocks, and logos using the **Text** and **Rectangle** tools.
- Use **Grid** or **Guides** to maintain alignment and spacing between elements.
- Add visual appeal by including background colors, icons, or illustrations as needed.
- Export the brochure by selecting **File > Export** and choosing the appropriate format (e.g., PDF or PNG).

A vertical brochure for a coffee shop. At the top, the word "COFFEE" is written in large, light gray, serif capital letters. Below it, the word "ESPRESSO" is written in smaller, bold, black, sans-serif capital letters. A thin horizontal line separates the title from the menu items. The menu items are listed in a two-column format: the item name on the left and the price on the right. The items are: Americano (3.00), Cappuccino (3.00), Double Espresso (3.50), Latte (4.20), Macchiato (4.50), Mint Chocolate (5.25), Mocha (4.50), and White Mocha (5.00). The background is a light beige color with faint, abstract line art in the bottom corners.
